PROFILE

Junior .NET Developer with hands-on experience in ASP.NET Core, Entity Framework, and modern web development practices. Background in business management brings strong analytical thinking, problem-solving abilities, and excellent communication skills. Passionate about clean code, continuous learning, and building scalable applications.

TECHNICAL SKILLS

Languages:	C#, SQL, HTML, CSS
Frameworks:	ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core, Blazor, Bootstrap
Tools:	Git, Docker, Visual Studio, SQL Server, xUnit, Swagger
Concepts:	SOLID, Clean Architecture, Repository Pattern, REST API, JWT Authentication, Stripe Integration

PROJECTS

Beverage Management System - *Enterprise inventory & production management*
- Clean Architecture with CQRS pattern and MediatR for command/query separation
- Separate ASP.NET Core Web API with JWT authentication + Blazor Server UI
- FluentValidation, AutoMapper, NSwag client generation, SignalR real-time updates

Inventory Management System - *Warehouse & production tracking*
- Blazor Server application with Use Case pattern for business operations
- Claim-based authorization with department policies, IDbContextFactory for thread safety
- In-memory repositories for unit testing, composite keys in EF Core

E-Commerce Platform - *Full-featured online store*
- ASP.NET Core MVC with Repository and Unit of Work patterns
- Stripe payment integration, shopping cart, order management
- Role-based authorization (Admin/Customer), EF Core with SQL Server

Leave Management System - *Employee leave request application*
- ASP.NET Core MVC with Service Layer architecture
- ASP.NET Core Identity with role-based access (Employee/Supervisor/Admin)
- Leave request workflow with approval process, email notifications

EXPIRIENCE

Software Developer
Red Eagle Tech Ltd | London, UK (Remote) | Jan 2025 - Present

- Developing and maintaining .NET applications for UK-based clients
- Working with ASP.NET Core MVC, Entity Framework Core, and SQL Server
- Collaborating with the team using Git for version control

Co-founder & CEO
Sizam Ltd | Dnipro, Ukraine | 2010 - 2023

- Built and scaled a manufacturing company from startup to established business
- Managed all operational processes: finance, sales, recruitment, and client relations

- Maintained relationships with key VIP clients and partners

CERTIFICATIONS

UK Qualifications (Ofqual Regulated):

- NCFE Level 3 Certificate in Coding Practices (NCFE, 2025)
- NCFE Level 2 Certificate in Understanding Coding (NCFE, 2025)

.NET Development:

- Complete C# Masterclass (Udemy, 2025, 46 hours)
- .NET Core MVC - The Complete Guide [E-commerce] (Udemy, 2026, 17 hours)
- Complete ASP.NET Core and Entity Framework Development (Udemy, 2025, 21.5 hours)
- ASP.NET Core - SOLID and Clean Architecture (Udemy, 2026, 10 hours)
- Complete SQL and Databases Bootcamp (Udemy, 2026, 24.5 hours)
- Master Blazor in .NET 10: Build Inventory Management System (Udemy, 2026, 14 hours)
- Unit Testing .NET Applications with xUnit v3 (Udemy, 2026, 3.5 hours)
- Docker for .NET Developer (Udemy, 2026, 3 hours)

Web Development:

- Build Responsive Real-World Websites with HTML and CSS (Udemy, 2025, 37.5 hours)
- Bootstrap 5 From Scratch (Udemy, 2025, 13.5 hours)

EDUCATION

Master of Engineering - Design of Metallurgical Machines and Mechanisms
National Metallurgical Academy of Ukraine | 2005 - 2010
